Statement on Corporate Governance

Introduction from the Board

GGP is committed to operating under high standards of corporate responsibility.

This Statement on Corporate Governance, incorporating the Code of Ethics ("COE"), is applicable to all GGP employees across all GGP companies and associated. The policies included herein have the full support of the Board.

Adherence to the COE is a critical aspect of achieving GGP's goals and maintaining GGP standards.

GGP's Statement on Corporate Governance covers the following areas:

1. **Code of Ethics ("COE")** – Requirements for all the Board, management and employees.
2. **Memorandum and Articles of Association** – Objects and rules that govern the company.
3. **Policies & Procedures on Internal Controls** – Financial process control procedures.
4. **Other Matters** – Other corporate finance matters requiring attention.

For and on behalf of Global Green Power PLC:

.....
David de Montaigne
Chief Executive Officer

Words importing the masculine shall include the feminine and words importing the singular shall include the plural or vice versa.

1. Code of Ethics (“COE”)

1.1 Introduction

The COE is applicable to all members of the Board of GGP, all management and all employees (“GGP Personnel”). The COE guides everyone within GGP to act honestly, with integrity and with respect.

1.2 Objective

All GGP Personnel must carry out their affairs both directly themselves and indirectly through any affiliates or associates to high standards of international business and must avoid conflicts of interest between their private financial activities and their part in the operation of GGP business.

1.3 COE Content

This COE covers the following areas:

	<u>Page</u>
1. Introduction	x
2. Objectives	x
3. COE Content	x
4. General Business Principals	x
5. Matters Reserved for the Board	x
6. Specific Business Principals	x
7. Conflicts of Interest	x

The COE does not cover exhaustive “do’s & don’ts” for every country and every situation GGP operates in and encounters. GGP requires all GGP Personnel to understand the COE and act in accordance with its principals. If in doubt clarification on any issue can be sought from any appropriate member of GGP Personnel.

1.3.1 Appropriate GGP Personnel Authorized to Decide on COE Issues

The appropriate GGP Personnel authorized to decide on COE issues will depend upon the position of the GGP Personnel within the organization, the issue at hand and sensitivity within the operations of GGP. Responsibility for reporting COE issues lies with each individual and guidance can be obtained from the following points (in escalating order of seniority) – in most instances your immediate superior will be your appropriate GGP Personnel authorized to decide on COE issues:

1. Immediate Line Manager.
2. Supervising Line Manager.
3. Department Manager.
4. Site General Manager.
5. Operational Company Director.
6. Group Company Director.
7. Group Company Chief Executive Officer.
8. Group Company Board of Directors.

Due to the responsibility on GP Personnel to report COE issue to the appropriate levels then disciplinary action may result if “reportable” issues are later found out to have not been reported.
